Plazma foot massager

For cleaner, healthier and prettier FEET

Plasma is a '**fouth material state**' existing on Earth in addition to solids/liquids/gases, and many academic studies and clinical findings have reported positive effects on human skin.

Plabelle healing boots features

Anyone can easily use it with the upgraded version of the touch button control. It is light weight and compact, so it can be used anytime, anywhere after charging.

It is the first massager to apply plasma function to help maintain foot health such as skin sterilization effect and prevention of athlete's foot eczema.

3 step adjustment, You can use the powerful air massage function for each step. It helps blood circulation by intensive acupressure effect and ankle lymph area using acupressure protrusion.

In addition, the heat function helps to blood circulation in the hands and feet.

Details & Points

1) By applying **LED wavelengths** that are generally thought to be used on the face, you can see the effect of moisture care and lifting.
2) A 40 degree hot massage that is about 3 to 4 degrees higher than the normal body temperature.
3) A total of **seven air pressure pockets**, including the soles of your feet, the top of your feet, the front of your ankles, the sides of your ankles, and the sides of your Achilles' tendon, provide a cool, resinous chiropractor massage.
4) Charge with a dedicated charger and when completed, it can be used **wirelessly anywhere**, such as in the bed, sofa, or living room.
