

| Product Picture | | Product Name | Fruits and Young Barley Leaves Powder Collagen & Placenta 20 Bags | | |
|-----------------------|---|---------------------|--|---------------------|----|
| | | Classification | Young Barley Leaves Processed Food | | |
| | | Ingredients | Collagen, Young barley leaves powder, Malto dextrin, Plant fermentation extract (Black sugar, Cabbage, Strawberry, others), Placenta extract powder, Acerola powder, Acai extract powder, Camucamu powder, Lactic acid bacteria powder (Sterilized lactic acid bacteria, Dextrin), Citric acid, Vitamin C, Sweetner (Aspartame·L-phenylalanine compound), Coloring | | |
| | | Allergic Substance | Gelatin, Apple, Kiwi, Soy beans, Peach, Pork, Milk | | |
| JAN Code | 4960867005715 | Net Weight | 60g (3g × 20 bags) | | |
| ITF Code | 14960867005712 | Best Before | 36 months after manufacturing | | |
| Product Code | 4405 | Preservation Method | Keep away from high temperature, humidity, and direct sunlight. | | |
| Shape | Green Powder | Country of Origin | Japan | | |
| Release Date | Nov. 1st, 2017 | Manufacturer | Yuwa Co., Ltd. | | |
| Product Size | 135(H) × 120(W) × 50(D)(mm) | Product Weight | 109.9g | | |
| Carton Size | 329(H) × 383(W) × 318(D)(mm) | Carton Weight | 4.59kg | Quantity Per Carton | 36 |
| Product Descriptions | Very tasty acerola flavor young barley leaves powder with collagen, placenta, Lactic Acid Bacteria and Enzyme | | | | |
| Ingredients Details | <p>Collagen Collagen is fibrous protein, derived from natural ingredient. Collagen takes up about 30% of the total protein in mammalian and takes up about 90% of dermis below the epidermis. It is said that Collagen increases the water retention ability to keep the elasticity of the skin.</p> <p>Placenta Medical clinical efficacy has been reported for symptoms such as feeling of fatigue, migraine and loss of appetite. Applied effects for wrinkles, spots and freckles in the beauty field have also been reported.</p> <p>Lactic acid bacteria Lactic acid bacteria have effects such as enhancing immunity, cholesterol suppression, prevention and resolution of constipation.</p> <p>Enzyme There are "digestive enzymes" necessary for food digestion and "metabolic enzymes" indispensable for energy consumption, mainly contained in raw vegetables and fruits. It is said that it will be refreshing from the inside as the body rhythm is prepared when the enzyme is firmly supplemented. However, the enzyme produced by the body declines in secretion when it is over 30 years old. When the body enzymes decrease, digestion, absorption, metabolism do not function well and various negative factors are exerted.</p> | | | | |
| Origin of Ingredients | Collagen (Germany), Young barley leaves powder (Japan), Malto dextrin (Indonesia), Plant fermentation extract (Japan), Lactic acid bacteria powder (Japan) | | | | |
| Directons | Put 1 bag (3g) in 80~100ml of water, milk or soy milk and stir well. | | | | |
| Nutrition Facts | <p><u>Nutrition Facts per 3g</u> Total energy: 11.07kcal, Protein: 1.32g, Fats: 0.04g, Carbohydrate: 1.36g, Salt equivalent: 0.008g, Vitamin C: 160mg, Collagen: 1000mg, Lactic acid bacteria 15 billion, Placenta extract powder: 10mg</p> | | | | |
