

## Nebulizing Diffuser PG-ND-001P

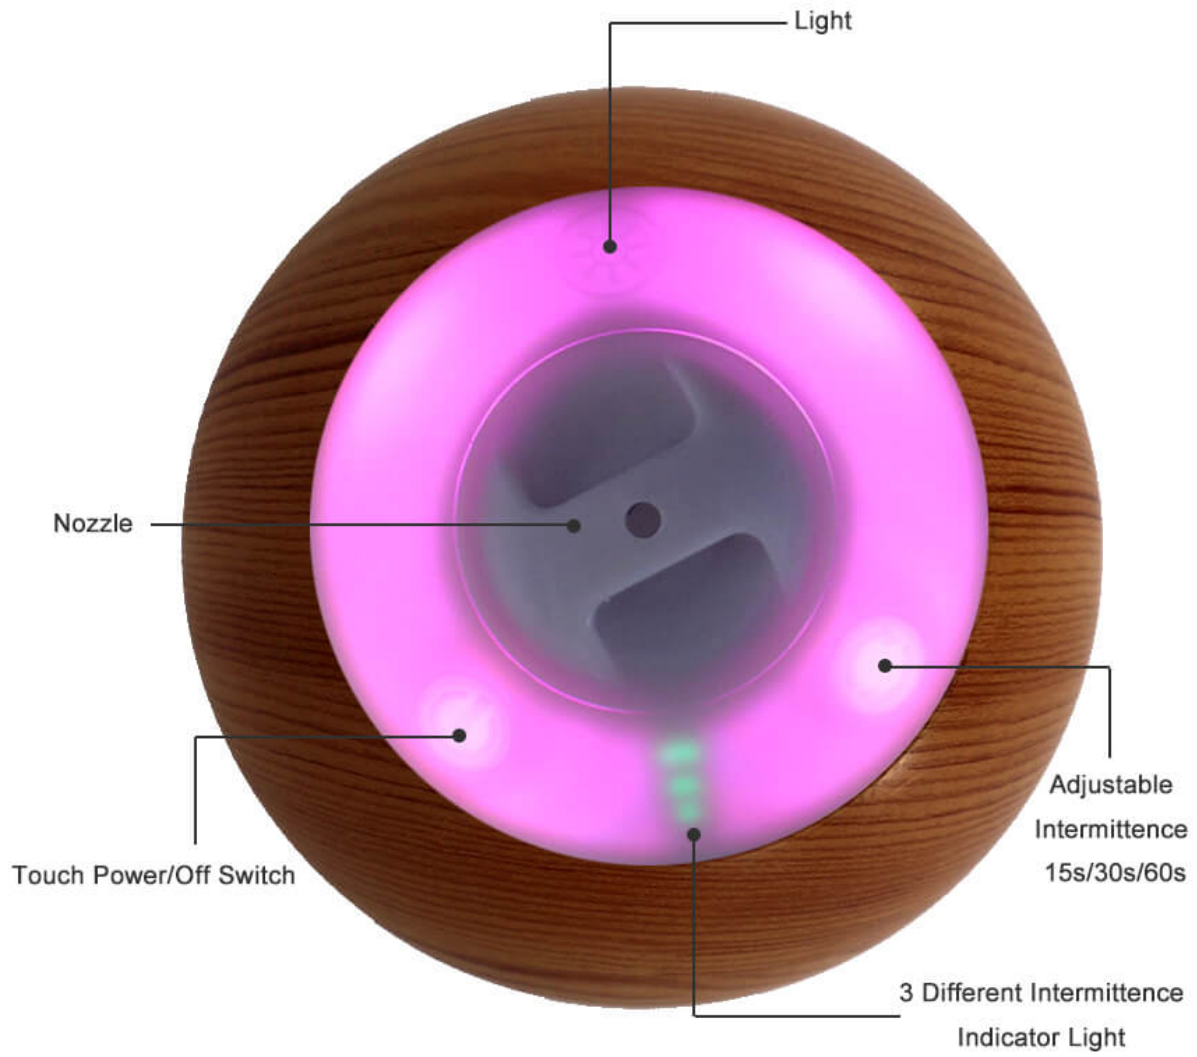

### Brief Introduction

With the Bernoulli's principle, the essential oil nebulizing diffuser PG-ND-001P offers the most effective dispersal and the most complete rendering of both the natural scent and the therapeutic properties of 100% pure and organic essential oils. This aroma nebulizer is designed to diffuse essential oils safely, quietly in most efficient and healthy way while maximizing each drop of oil without any water or heat.

### Feature

- ✧ Unlike ultrasonic aroma diffuser, our essential oil nebulizing diffuser creates suspended thin mist without adding water. Our aroma diffuser applies an air pump to force oil molecules into very micro-particles to create a dry mist that is released into the air.
- ✧ 7 Soothing LED Lights: Soft light creates relax and romantic atmosphere. The color can be cycled through or set it to one fixed color as you like.
- ✧ Unique and compact design: Our nebulizing aroma diffuser is coated with wood grain or other colors, it can also be used to a decoration for your home and office.
- ✧ Adopt advanced rubber coating, you will feel the smooth body in your palm.
- ✧ 10ml essential oil will last around 30 to 120 hours, apply the touch switch to choose from three operating modes to control the intermittence of the mist.
- ✧ Suitable for meetings, meditation, sleep, office, and work.
