

COMPANY INTRODUCTION

YBMcmc has been looking for global consumers for Korean natural food products, and also has insistently maintained an aggressive marketing strategy into international market.

Today, YBMcmc's ethnic healthy food products are exported to EU countries, south east Asian countries thru global on-line platforms such as Amazon, Shopee, etc..

Organic Yaki Sushi Nori

Yaki Sushi Nori (Korean organic laver)

Choi's 1 Sushi Nori is a premium gold grade laver.

We provide natural purity in nori's flavors, colors, and nutrients by harvesting seaweed from the west coast of South Korea.

This low-calorie food is processed using clean, natural seawater with no added substances.
