公司简介

>> Profile

Shandong Jingyanggang Metal Equipment Co., Ltd (JYG Precision Casting) was founded in 2007 in Yanggu, Shandong, China. Covering an area of 20000 square meters, the factory boasts advanced investment casting and shell mold sand casting producing lines to cater to the different needs of the customers home and abroad.

As a rising star in the industry of precision investment casting, JYG has been dedicated to the production, marketing, and R & D of quality precision casting products since its founding. Investment casting, or lost-wax casting, is one of the oldest metal forming process, dating back thousands of years, in which an expendable mold is made around a wax pattern that is to be burned away before molten metal is poured in. It is a precision casting process used to create metal parts, especially complex, intricate or thin-wall castings from almost any alloy. JYG has been providing high-integrity, close-tolerance, near-net-shape precision casting parts for the customers of various industries around the world and gradually becoming a trusted name in the foundry industry.

A full set of Standard Operating Procedures (SOP) and stringent quality control system have been established and observed at the very beginning of factory operation. Besides, JYG is certified to ISO 9001:2015, ISO/TS 16949:2009 Quality Management Systems, ISO 14001:2015 Environmental Management System, and BS OHSAS 18001:2007 Health & Safety Management System and Pressure Equipment Directive (PED).

The management has been advocating and cultivating the Spirit of Craftsmanship among the staff and workers so as to develop an ethos of detail orientation and continuous improvement among them. Our customers' expectations can be met or even exceeded with consistent quality products and exceptional service.

We take pride in our experienced, highly skilled technical team that are committed to innovation and upgrade in our casting operation for many years. A well-equipped in-house laboratory is in place to monitor the production from materials to finished products.

The main material we use including stainless steel, duplex stainless steel, carbon steel, alloy steel, nickel base alloy, cobalt base alloy, ductile iron, gray iron, and so on.

JYG's diverse portfolio of products consists of auto parts, machinery parts, marine hardware, construction hardware, pump & valves components....., You Design It; We Make It! Look No Further, the Solution to Your Castings Demand is Right Here!

JYG will continue to work in partnership with our customers to manufacture more cost-effective, durable, and reliable castings and try to get a footing at the forefront of global investment casting industry!

山东景阳岗金属设备有限公司是一家专业从事铸造、机械加工以及铸造技术研发的综合性公司。公司成立于2007年，位于江北水城—聊城。

我公司采用先进的熔模铸造、覆膜砂铸造生产线，为国内外客户提供各种汽车配件、机械配件、建筑五金、船用五金、泵阀配件等产品。公司占地20000平方米，员工225人，固定资产5000万元，拥有一支具有10年以上铸造经验的专业技术团队，为公司产品的研发提供强有力的技术保障。目前公司精密铸造产品年生产能力1000吨，壳模铸造生产能力5000吨；公司主要产品材质为不锈钢、碳钢、合金钢、双相不锈钢、镍基合金、钴基合金、球墨铸铁、灰铁等，也可根据客户的要求生产特种材质的铸件。公司生产的精密铸件产品的重量范围从10克到120公斤，壳模铸造的产品重量从5公斤到150公斤。公司拥有先进的光谱仪、电子显微镜、机械性能检测设备以及化学检测设备、确保产品质量；公司产品出口到德国、西班牙、意大利、英国、美国、比利时、澳大利亚、日本等国家。

近年来，公司遵循环保、绿色铸造的企业理念，不断加大环保投入，新增环保设施，为碧水蓝天贡献自己的一份力量。在加强环保的同时，公司也不断提升管理水平和产品质量，公司先后通过ISO9001质量管理体系认证、TS16949汽车配件认证、ISO14001环境管理体系认证，OHSAS18001健康安全管理体系认证和PED压力容器认证等，赢得国内外客户的赞誉和认可。

我们秉承以客户为中心的经营理念，以产品优质、服务贴心、交期准时赢得客户信任。竭诚欢迎国内外客商光临惠顾，共谋发展，共铸辉煌!

Machining & Quality Control

加工和质量控制

Production Capacity & Parameters

Casting Weight: 10g-120kg for Silica Sol Investment Casting,
 5kg-150kg for Shell Mould Casting
 Surface Roughness: Ra3.2-6.2
 Casting Tolerance: According to ISO8062 CT6.

生产能力和参数

生产单重: 硅溶胶精密铸造: 10克到120公斤
 壳模铸造: 5公斤到150公斤
 表面粗糙度: Ra3.2-6.2
 铸造公差: 根据ISO 8062 CT6标准。

4-Axis Vertical CNC Machining Center
 四轴立式加工中心

Slant Rail Horizontal CNC Lathe
 斜轨卧式数控车床

Vacuum Furnace
 真空实验炉

Spectrometer
 分析光谱仪

3D CMM
 三坐标检测仪

Low-temperature Impact Tester
 低温冲击试验机

End Quench Test Apparatus
 端淬试验机

Vacuum Dilatometer
 真空卧式膨胀仪

JYG Casting, A Precision Casting Specialist Always at Your Service!

产品展示

Metal Casting Materials:

Super Austenitic Stainless Steels, Super Duplex Stainless Steels, High Manganese Steel, Carbon Steel, Alloy Steel, Hastelloy Alloy, Nickel & Cobalt-based Alloys, High Chromium Cast Iron, Ductile Iron, Gray Iron and so on. Special metal material castings can be customized according to customers' requirements.

铸造材质:

超级奥氏体不锈钢、超级双相不锈钢、高锰钢、碳钢、合金钢、哈氏合金、镍基合金、钴基合金、高铬铸铁、球墨铸铁、灰铁等，也可根据客户的要求生产特种材质的铸件。
