DAEYANG

DAEYANG Group was officially established on September 1, 2020. Since its inception, the company has been committed to continuous innovation and the adaptation of emerging technologies to deliver exceptional value to its customers.

DAEYANG Group operates with transparency and is dedicated to rational management. With extensive technical experience and professional expertise, we are a reliable Eco-Bag company that manages all aspects of a project, from design to production, and provides after-sales support. We ensure that every component of a project is executed to the highest quality standards.

The first date of establishment : 2020. 09. 01.

Market research and target audience identification

Understand the target audience by conducting thorough market research to determine their preferences, purchasing behavior, and level of environmental awareness.

Product development and innovation

Design and manufacture eco-bags made from sustainable materials that are both aesthetically attractive and functional.

Company Vision

Engage and retain customers

Continuously innovating and improving our product offerings to meet customer requirements and sustainability.

Partnerships and Collaboration

We collaborate with designers and sustainable materials suppliers to design and manufacture unique, eco-friendly bags.
