

UV254-6W 8W 10W 30W

A: case size L265\*W82\*H82mm, UV lamp: 6W L212mm

B: case size L380\*W82\*H82mm, UV lamp: 8W L281mm

C: case size L425\*W82\*H82mm, UV lamp: 10W L303mm

D: case size L720\*W82\*H82mm, UV lamp: 30W L620mm

Power supply line: L1.8m

# UVC Lamp

# UVC Lamp

The **ultraviolet lamp** is a device that can emit ultraviolet rays, is a necessary tool to observe the fluorescence and phosphorescence characteristics of the sample, and is also a physical means for sterilization and disinfection. Wavelength in the range of 10 ~ 400nm. **UVC 185nm** and **UVC 254nm** are most strongest wave length from UVC light.

Relative spectral power distribution of ozone germicidal uv lamp

UVC 254nm or UVC 186nm can be choose

Wall mounting plug

Wall mounting plug

Standard 220VAC plug at above photo  
EU plug/110V plug/USA plug Need to order, MOQ:500pcs

Aluminum alloy box

plastic

# Anti virus, bacterial, Fungus

Wall-mounted UV254 Sterilizer Light

Anti-bacterial rate 99%

**EcoHero**  
ENVIRONMENTAL

Protecting your family members by using UV254 Sanitizer / Sterilizer to eliminates germs , molds , mites from pets, stuffed toys, quilts, bathroom, make your home clean & safe.

**Destroy the DNA of Virus**

# UV185nm producing ozone

**185nm ultraviolet light** can change **O<sub>2</sub>** in the air into **O<sub>3</sub>** (ozone). Ozone has a strong oxidation effect and can effectively kill bacteria.

The dispersibility of ozone can just make up for the shortcomings of ultraviolet rays only spreading along a straight line and disinfection

# Introduction

## Germicidal UV Air Purifier .

1. Simple half-covered aluminum alloy housing design, easy to change UV bulb when it's replaced, and the wall-mounted design to protect people's eyes.
2. 254nm UVC effectively kill up or stop airborne bacteria / viruses
3. Working by plug-in 220V power directly ;
4. Power cord with ON/OFF switch , standard length 1.8m, customized length can be 5m.
5. Suitable for using in bedroom, living room, kitchens, offices, restaurants.

**Attention: People can not stay in room when it is on , do not see it through by eyes!**
