

We, **NEWEST ONE TECH**, are pleased to contact you and would like to introduce our company shortly to you.

A professional Manufacturer of vehicle security product

NEWEST ONE TECH was established in 2008 as a manufacture of **vehicle security products** such as heavy duty camera, Heavy duty monitor, and Radar object detection systems for heavy duty vehicles. We have our own **R&D and production line** as well as certified manufacturer ISO/IATF16949 for OEM partner

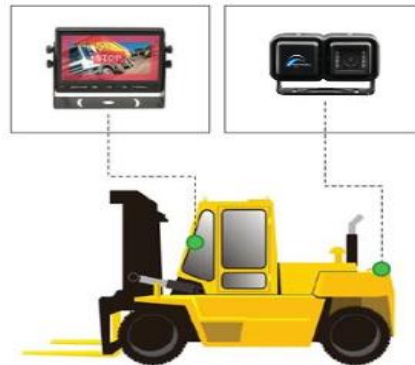

We feel that you may be interested in our **product**, and thus would like to briefly introduce them as follows:

Radar Object Detection system

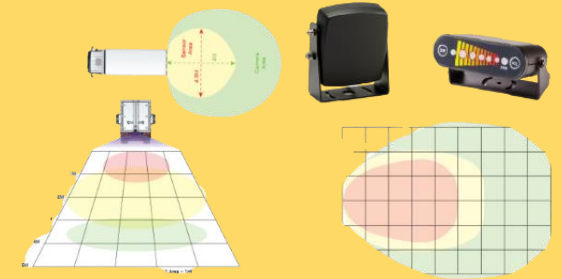

Radar Object Detection Systems either work **independently** or **harmoniously** with backup camera systems.

These systems detect and alert drivers to obstacles in their blind spots.

Product Features

Our 24Ghz radar uses **three pre-set beam detection patterns** to alert the driver of hazards entering the zones.

For further information on our products, please visit our website or contact us directly. We look forward to hearing from you soon.
