ФП 570 2400*600*18	570	55	828	4,8
ФП 570 2400/1200*600*15	570	65	816	3,9

1. Selling prices for shipments for export are indicated in EURO, taking into account the cost of packaging and loading, on the terms of self-delivery (FCA) from the manufacturer's warehouse and 100% prepayment.
2. We reserve the right to change prices when changing the taxation system, the cost of fuel and energy resources, the cost of raw materials.
3. The price may be increased subject to individual agreement and additional work with the goods.
4. Shipments of products of the 2nd grade, as well as products that do not correspond to STO, are possible subject to availability in the warehouse.

* The actual pallet weight may vary by $\pm 10\%$ from the calculated weight. Clarification of the actual weight of the cargo with the manager is mandatory before agreeing on the transport!
